EDUCATION

COER University

Bachelor of Technology in Computer Science, Pursuing

Roorkee, Uttarakhand

2023 - Present

Current CGPA: 8.40

Prakash Public School, Mandawar

Intermediate (2023) Percentage: 83%

Bijnor, Uttar Pradesh

Modern Era Public School, Mandawar

Matriculation (2021) Percentage: 85%

Bijnor, Uttar Pradesh

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL, HTML5, CSS3

Frameworks: React.js, Node.js, Express.js, REST API, Bootstrap, Tailwind CSS

Database: MongoDB

Tools: VS Code, Git/GitHub, Postman

Concepts: Data Structures and Algorithms, OOPS, DBMS, Operating Systems

PROJECTS

Wanderlust | Node.js, Express.js, MongoDB, EJS, AI, Cloudinary, Mapbox

Demo | [GitHub](#)

- Built a **full-stack Airbnb-style platform** for creating, managing, searching, and reviewing property listings with a responsive user interface.
- Integrated an **AI-powered assistant** for real-time property discovery, budget-based recommendations, and conversational search.
- Implemented secure **authentication and authorization** using Passport.js, sessions, cookies, and password hashing for protected user actions.
- Integrated **Cloudinary** for image storage, MongoDB Atlas for cloud database management, and **Mapbox** for location-based property visualization.
- Implemented **search, filtering, sorting, reviews, ratings, validation, and a new-chat workflow** to improve property discovery and user experience.

NovaChat | MERN Stack, Socket.io, JWT, Tailwind CSS

Demo | [GitHub](#)

- Developed a **real-time chat application** with one-to-one messaging, typing indicators, and **video calling**.
- Implemented secure **authentication and authorization** using **JWT and bcrypt** with protected user sessions.
- Integrated **Socket.io** for real-time messaging, typing indicators, and **online/offline user status**.
- Implemented **DaisyUI-based multi-theme support** with a responsive and customizable user interface.

Simon Says Game | HTML, CSS, JavaScript

Demo | [GitHub](#)

- Developed an **interactive memory-based game** to challenge users' pattern recognition skills.
- Implemented **dynamic sequence generation** with increasing difficulty across levels.
- Added **high-score tracking** functionality to encourage replayability.
- Designed a **responsive, user-friendly interface** optimized for both desktop and mobile gameplay.

ACHIEVEMENTS

Finalist (**Joint 5th Position**) in Social Sawal 2.0 Kaizen 2026, IIT Delhi
Certificate of Merit – Naukri Campus Young Turks 2025 (**96.18 percentile**)

February 2026
September 2025

CERTIFICATIONS

Certificate of Participation – **Artificial Intelligence Workshop** (at IIT Roorkee), Tech Blooms
Course Completion Certificate – **Website Development Tutorial**, Infosys Springboard

August 2025
August 2024
